Please read all of the information carefully and refer back when you see the numbered icons throughout instructions.

Safety and Care **(EN)**

- 1** Always take care when using power tools, particularly if there is any water in the working area.
- 2** Do not use power tools for assembling or fitting the cabinet including power drills and power screwdrivers.
- 3** The wall plugs supplied are for use on solid walls only. For cavity walls or plasterboard use specialist fixings that are suitable for the type of wall construction.
- 4** To retain the best quality finish, clean product regularly with a soft damp cloth.
- 5** Do not use abrasive or chemical cleaners, as these will damage the product.
- 6** The max load of the cabinet is 10kg when fitted to a solid wall and 5kg when fitted to a cavity wall.
- 7** When drilling into a tiled surface do not use a hammer drill.
- 8** Always use a drill bit that is suitable for the surface that is being drilled.
- 9** Do not slam the door open, as this may damage the hinge.

INPUT: 220-240V ac 5A IP RATING: IP44

HAZARDOUS VOLTAGES INSIDE – DO NOT REMOVE ANY COVERS

LAMP TYPE LED

In accordance with Statutory Instrument 2004 No. 3210 - The Building (Amendment) (No.3) Regulations 2004, any work, other than repair/replacements, in a room where there is water (e.g. kitchen, bathroom, etc.) must be either:

- carried out by an electrician who is a member of a competent person self-certification scheme who will certify the work complies with the Building Regulations and you do not need to notify your local authority, or,
- carried out after prior notification to the Local Authority Building Control Department, which has responsibility for ensuring that the work is inspected and tested.

IMPORTANT WARRANTY INFORMATION

In accordance with Statutory Instrument 2004 No. 3210 - The Building (Amendment) (No.3) Regulations 2004, the installer must give the occupier of the premises in which this product has been installed a certificate to confirm that the requirements of regulations 4 and 7 have been satisfied, or the installation of this product must be inspected and tested by the Local Authority Building Control Department who will issue a compliance certificate.

A copy of this certificate may be required for certain warranty claims. Failure to provide a copy of the certificate may invalidate the warranty.

This does not affect your statutory rights

We recommend that you make yourself aware of the Regulations before you undertake any work and if you require clarification you should contact your Local Authority Building Control Department.
